# Hospital Presumptive Eligibility Updates

December 10, 2013

Carolyn McClanahan, DMA

Christine Coffey, DMA

## Clarifications/Updates

- This webinar provides clarification on a couple of issues from the previous training sessions as well as update on future webinars.

## Begin date of Presumptive Eligibility

- Presumptive eligibility begins the date the hospital determines the individual is presumptively eligible
  - May not be the date the app is signed by the individual
  - NC FAST will use the date the presumptive determination is keyed by hospital
  - Current training will be updated

## NCID

- Individuals must request a separate NCID for presumptive eligibility authorization
  - Due to CMS security and password requirements
  - Instructions will be given as soon as procedures finalized

# Future Training

- December 17
  - NC FAST Streamlined application – regular Medicaid app
  - NCID process
- December 30
  - Presumptive eligibility approval process in NC FAST
- January – Subsequent follow-up webinars to be scheduled as needed

## Contact Information

- Send e-mail address to Christine Coffey to insure notifications are received
  - [Christine.coffey@dhhs.nc.gov](mailto:Christine.coffey@dhhs.nc.gov)
- Send questions to Christine as well
