

## Permit Required Confined Spaces Reclassification Form

*This form must be completed and signed after eliminating hazards in order to reclassify a confined space from permit-required to permissible entry without a permit. The completed form must remain at the site of the confined space until all work is completed. Completed forms are kept on file by the Safety Officer.*

<b>Division:</b>	<b>Facility:</b>
<b>Building:</b>	<b>Location/Area:</b>
<b>Date of Reclassification:</b>	<b>Expiration Date:</b>

<b>Identified Hazards and Elimination Methods:</b>	
Hazard Type (atmospheric, engulfment, configuration, other)	Method(s) used to eliminate hazard

I certify that this permit required confined space poses no actual or potential atmospheric hazards and that all hazards within the space have been eliminated. This space has been reclassified as a non-permit required confined space for as long as the hazards remain eliminated.

<b>Safety Officer (or designee):</b>	<b>Signature:</b>
--------------------------------------	-------------------

I understand that if hazards arise within the reclassified confined space all employees in the space shall exit the space immediately. The Safety Officer must reevaluate the space before reentry.
