Directions for Completing Form

Completing MOST
- MOST must be reviewed and prepared by a health care professional in consultation with the patient or patient representative.
- MOST is a medical order and must be signed and dated by a licensed physician (MD/DO), physician assistant, or nurse practitioner to be valid. **Be sure to document the basis for the order in the progress notes of the medical record.** Mode of communication (e.g., in person, by telephone, etc.) also should be documented.
- The signature of the patient or his/her representative is required; however, if the patient’s representative is not reasonably available to sign the original form, a copy of the completed form with the signature of the patient’s representative must be placed in the medical record and “on file” must be written in the appropriate signature field on the front of this form or in the review section below.
- Use of original form is required. **Be sure to send the original form with the patient.**
- MOST is part of advance care planning, which also may include a living will and health care power of attorney (HCPOA). If there is a HCPOA, living will, or other advance directive, a copy should be attached if available. MOST may suspend any conflicting directions in a patient’s previously executed HCPOA, living will, or other advance directive.
- There is no requirement that a patient have a MOST.

Reviewing MOST
Review of the MOST form is recommended when:
- The patient is admitted to and/or discharged from a health care facility; or
- There is a substantial change in the patient’s health status.

This MOST must be reviewed if:
- The patient’s treatment preferences change.

If MOST is revised or becomes invalid, draw a line through Sections A – E and write “VOID” in large letters.

Revocation of MOST
A patient with capacity or the patient’s representative (if the patient lacks capacity) can revoke the MOST at any time and request alternative treatment based on the known preferences of the patient or, if unknown, the patient’s best interests.
