**mandatory (automatic failure) items:**
- Vehicle Body & Function
- Warnings Devices (Lights & Sirens)
- Two-Way Radio Fixed
- O2 Cylinder with Regulator
- suction Apparatus
- Bag Valve Mask (Adult & Child Sizes) with Adult, Child, Infant, & Neonatal Mask
- defibrillator with Adult & PED pads
- Spine Hoist or Lift (Cuffs & Devices PED, normal Adult, Large Adult)
- Stethoscope
- Trauma Tourniquet
- copies of Protocols
- Magill Forceps (Adult & PED Sizes)
- waveform Capnography/Capnometry
- Monitor/defibrillator with Electrodes & 2 Sizes of Waveform Capnography/Capnometry
- Magill Forceps (Adult & PED Sizes)
- copy of Protocols
- Adult, Child, pediatric Medication Dosing Guide
- Sphygmomanometer (Cuffs & Devices PED, normal Adult, large Adult)
- Suction Apparatus
- Adult, Child, pediatric Medication Dosing Guide
- Intubation Device (Two Sizes)
- Needle (3” or Longer & 14ga for Chest Decompression
- Surgical Cricothyroidotomy Airway Kit (Required for RSI Only)
- ET Blades (3 Adult Sizes)
- ET Tubes (3 Adult Sizes)
- ET Stylettes (Adult Sizes)
- ET Handles with Extra Batteries & Bulbs
- Endotracheal Tube Introducer (Adult & PEDs)

**Required Items:**
- Bulb Syringe (Separate From OB Kit)
- Nasal Cannula (Adult/PED)
- Nasopharyngeal Airways (3 Adult/3 PED Sizes)
- Oropharyngeal Airways (3 Adult/3 PED Sizes)
- Non-rebreather with Tubing (Adult) & PED
- Rigid Pharyngeal Suction Device
- Suction Catheters (One between 6 & 10F)
- Suction Catheters (One between 12 & 16F)
- Wide Bore Tubing
- Glucose Measuring Device
- Pulse Oximeter (Adult & PED Sizes)
- Cervical Spine Immobilization Device (S, M, & L)
- Burn Sheet
- Cold Packs
- dressings, Bandages, Roll Gauze
- triangular Bandages (At least 2)
- Heavy Duty scissors
- Occlusive dressing
- Adhesive Tape

**Required Items Continued:**
- sterile Irrigation Solution
- Alcohol Wipes
- Emesis Collection Device
- Pediatric Medication Dosing Guide
- Lubricating Jelly
- Sterile OB Kit (Scissors, Bulb Suction, Cord Clamps)
- Thermal Blanket (or Other Heat Conserving Device)
- Thermometer (Low Temperature Capability)
- Triage System
- Disinfectant Hand Wash/Sanitizer
- Disinfectant for Cleaning Equipment
- Disposable Biohazard Trash Bags
- infection Control Kit (Mask, Gowns, Jumpsuits, Eye Protection, Shoe Covers)
- Gloves (latex Free)
- Sharps Container (2 Sources)
- exterior Cleanliness
- Medications and Fluid Kept in Climate-Controlled Environment
- Provider Name Displayed on Each Side
- Reflective Tape on All Sides
- mounted Fire Extinguisher
- Aminophylline or NSAID
- Adenosine
- Antiarrhythmic (Amiodarone, Lidocaine, Procaainamide)
- Antiemetic
- Aspirin
- Atracurium
- Benzodiazepine
- Beta-Blockers (metoprolol, Labetalol, etc.) or Calcium Channel Blockers (Diltiazem, etc.)
- Calcium Chloride/Gluconate
- Calcium Chloride/Gluconate
- Crystalloid Solution
- Diphenhydramine
- Epinephrine
- Glucose Solution
- Naloxone
- Narcotic Analgesic
- Nebulizer
- Nitroglycerin
- Nasal Administration Device
- Sodium Bicarbonate

**Required Items Continued:**
- Steroid preparation
- Vasopressor

**Inspection Results**
- **PASSED**
  - ≤ 2 missing items = Satisfactory
  - > 2 missing items = Unsatisfactory
- **Deficiencies corrected during inspection**
- **Approved**
- **Not Approved**
- **Permit #:**
- **Expiration:**
- **Approved:**
- **Failing:**
- **Refusal of a Permit**
- **Failed – Suspension Issued**

**Inspection:**

**For NCOEMS Use Only**
- **Inspector:**
- **Date Entered in Continuum:**
