

## Hospitals Database

This document is to be used in conjunction with the Hospitals database for the 2016 Hospital License Renewal Application.

The database contains 35 tables and the relationships are indicated in the **pdf document titled 'hospitalrel'**.

This data is in-process working data for the internal use of the Healthcare Planning and Certificate of Need Section. It may be changed or revised over time. There is no assurance or representations as to its accuracy and any user of the data assumes the risk of errors or inaccuracy.
