(1) With settlements and extraordinary adjustments.

(2) The terms "memo total" and "memo average" are used because there is a variance among healthcare entities as to the methodology utilized to calculate community benefits and estimate bad debts.

(3) Some of these entities represent individual hospitals, some multiple hospitals and some healthcare systems which may include non-hospital providers.

(4) The amounts presented herein for "totals" are included to give the reader an idea of the magnitude of the estimated dollar amount of community benefits and bad debts reported by entities with Medical Care Commission debt.
