### Ambulatory Visits and Diagnosis Code V829

Diagnosis code V82.9 should only be billed to indicate the recipient is being treated for an illness that is eminently life threatening and, as such, the recipient should be exempted from the legislated 24 ambulatory visit limit. Ambulatory visits include Evaluation and Management services such as office visits, hospital visits, and consultations. If a claim does not include one of these types of visits, diagnosis code V82.9 should **not** appear on the claim. Claims that include diagnosis code V82.9 without including an ambulatory visit code **will be returned** to the provider for correction.

The following paragraphs detail the requirements for appropriate use of diagnosis code V82.9.

The primary diagnosis code listed on the claim must be the specific ICD-9-CM diagnosis code that describes the reason for the encounter and the secondary diagnosis code must be listed as V82.9. When a provider submits a claim with diagnosis code V82.9, a medical review is performed to determine if additional documentation is required to support the exemption. Claims for visits that exceed the 24-visit limit and do not list V82.9 as the secondary diagnosis will deny.

Ambulatory medical visits are limited to 24 visits per year beginning July 1 of each year through June 30 of the next year. These include any one or a combination of visits to the following: physicians, clinics, hospital outpatient other than emergency room, optometrists, chiropractors, and podiatrists. Once this limit has been reached, claims will deny with EOB 525, "Exceeds legislative limits for provider visits for fiscal year." Providers may bill the patient the usual and customary charge for the visit.

Exemptions to the 24-visit limit include:

1. End stage renal disease.
2. Chemotherapy and/or radiation therapy for malignancy.
3. Acute sickle cell disease, hemophilia or other blood clotting disorders.
4. Services rendered to recipients under age 21.
5. Prenatal services.
6. Dental services.
7. Physician inpatient visits to patients in intermediate care facilities or skilled nursing facilities.
8. Mental Health Center services are exempt because the services are subject to independent utilization review.
9. Recipients receiving Community Alternatives Program (CAP) services.

# CAP/Choice – A Pilot Program of Consumer Directed Care

Effective January 1, 2005, a new waiver program entitled CAP/Choice will be piloted in two counties: Cabarrus and Duplin. CAP/Choice is an alternative to the existing traditional home and community-based services waiver program, Community Alternatives Program for Disabled Adults (CAP/DA). CAP/Choice is a program of consumer-designated care for elderly and disabled adults who wish to remain at home and have increased control over their services and supports. CAP/Choice allows recipients (consumers) who prefer, to select their individual workers, more fully direct their care, and have more flexibility in tailoring plans of care to their home care requirements.

Two new CAP indicator codes have been created for this new program: ID (intermediate level of care) and SD (skilled level of care). They appear on the Medicaid identification card of a recipient in either **Cabarrus** or **Duplin** counties who is enrolled in the CAP/Choice program.

The same exemptions that apply to the established CAP/DA program, such as no copayments and no limits on prescriptions apply to the CAP/Choice program.

## Code Changes for Radiopharmaceuticals

Effective with date of service January 1, 2005, CPT code 78990, provision of diagnostic radiopharmaceutical(s), was discontinued by the Centers for Medicare and Medicaid Services (CMS) and the American Medical Association (AMA).

Providers billing for the provision of diagnostic radiopharmaceuticals using this generic code with an invoice now need to bill one of the following appropriate HCPCS codes:

CODE	DESCRIPTION	TESTS
A9503	Supply of radiopharmaceutical diagnostic imaging agent, Technetium Tc 99m medronate, up to 30 millicurie	Bone/Joint Imaging
A9510	Supply of radiopharmaceutical diagnostic imaging agent, Technetium Tc 99m disofenin, per vial	Hepatobiliary Scan
A9512	Supply of radiopharmaceutical diagnostic imaging agent, Technetium Tc 99m pertechnetate, per mci	MUGA Scan, Thyroid Imaging
A9513	Supply of radiopharmaceutical diagnostic imaging agent, Technetium Tc 99m mebrofenin, per mci	Hepatobiliary Scan, Gallbladder Ejection Fraction
A9514	Supply of radiopharmaceutical diagnostic imaging agent, Technetium Tc 99m pyrophosphate, per mci	Avid Infarct Imaging
A9516	Supply of radiopharmaceutical diagnostic imaging agent, I-123 sodium iodide capsule, per 100 uci	Thyroid Scan, Thyroid Uptake
A9520	Supply of radiopharmaceutical diagnostic imaging agent, Technetium Tc 99m sulfur colloid, per mci	Liver, Spleen or GI Bleed Scan
A9521	Supply of radiopharmaceutical diagnostic imaging agent, Technetium Tc 99m exametazine, per dose	Cerebral Perfusion
A9528	Supply of radiopharmaceutical diagnostic imaging agent, I-131 sodium iodide capsule, per millicurie	Thyroid Uptake, Thyroid Scan
Q3005	Supply of radiopharmaceutical diagnostic imaging agent, Technetium Tc 99m mertiatide, per millicurie	Renal Scan
Q3009	Supply of radiopharmaceutical diagnostic imaging agent, Technetium Tc 99m oxidronate, per millicurie	Bone Scan
Q3010	Supply of radiopharmaceutical diagnostic imaging agent, Technetium Tc 99m – labeled red blood cells, per millicurie	MUGA Scan

The invoice must be attached to the CMS-1500 claim form and include the:

- Name of the patient
- Patient's Medicaid Identification number
- Name of the agent
- Dose administered
- Cost per dose

Claims submitted without this information on the invoice will be denied. Reimbursement is based on the actual invoice price of the agent only (less the shipping and handling).

### Corrected 1099 Requests – Action Required by March 1, 2005

Providers receiving Medicaid payments of more than \$600 annually receive a 1099 MISC tax form from EDS. The 1099 MISC tax form is generated as required by IRS guidelines. It will be mailed to each provider no later than January 31, 2005. The 1099 MISC tax form will reflect the tax information on file with Medicaid as of the last Medicaid checkwrite cycle date, December 22, 2004.

If the tax name or tax identification number on the annual 1099 MISC you receive is **incorrect**, a correction to the 1099 MISC must be requested. This ensures that accurate tax information is on file with Medicaid and sent to the IRS annually. When the IRS receives incorrect information on your 1099 MISC, it may require backup withholding in the amount of **28 percent of future Medicaid payments**. The IRS could require EDS to initiate and continue this withholding to obtain correct tax data.

A correction to the original 1099 MISC must be **submitted to EDS by March 1, 2005** and must be accompanied by the following documentation:

- a copy of the original 1099 MISC
- a signed and completed IRS W-9 form clearly indicating the correct tax identification number and tax name. (Additional instructions for completing the W-9 form can be obtained at [www.irs.gov](http://www.irs.gov) under the link “Forms and Pubs.”)

Fax both documents to 919-816-3186-Attention: Corrected 1099 Request - Financial

**Or**

Mail both documents to:

EDS

Attention: Corrected 1099 Request - Financial

4905 Waters Edge Drive

Raleigh, NC 27606

A copy of the corrected 1099 MISC will be mailed to you for your records. All corrected 1099 MISC requests will be reported to the IRS. In some cases, additional information may be required to ensure that the tax information on file with Medicaid is accurate. Providers will be notified by mail of any additional action that may be required to complete the correction to their tax information.

**EDS, 1-800-688-6696 or 919-851-8888**

**Example.** Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a **nonresident alien or a foreign entity** not subject to backup withholding, give the requester the appropriate completed Form W-8.

**What is backup withholding?** Persons making certain payments to you must under certain conditions withhold and pay to the IRS 30% of such payments (29% after December 31, 2003; 28% after December 31, 2005). This is called "backup withholding." Payments that may be subject to backup withholding include interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will **not** be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

**Payments you receive will be subject to backup withholding if:**

1. You do not furnish your TIN to the requester, or
2. You do not certify your TIN when required (see the Part II instructions on page 4 for details), or
3. The IRS tells the requester that you furnished an incorrect TIN, or
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate **Instructions for the Requester of Form W-9.**

**Penalties**

**Failure to furnish TIN.** If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

**Civil penalty for false information with respect to withholding.** If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

**Criminal penalty for falsifying information.** Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

**Misuse of TINs.** If the requester discloses or uses TINs in violation of Federal law, the requester may be subject to civil and criminal penalties.

**Specific Instructions**

**Name**

If you are an individual, you must generally enter the name shown on your social security card. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

**Sole proprietor.** Enter your **individual** name as shown on your social security card on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name" line.

**Limited liability company (LLC).** If you are a single-member LLC (including a foreign LLC with a domestic owner) that is disregarded as an entity separate from its owner under Treasury regulations section 301.7701-3, **enter the owner's name on the "Name" line.** Enter the LLC's name on the "Business name" line.

**Other entities.** Enter your business name as shown on required Federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name" line.

**Note:** You are requested to check the appropriate box for your status (individual/sole proprietor, corporation, etc.).

**Exempt From Backup Withholding**

If you are exempt, enter your name as described above and check the appropriate box for your status, then check the "Exempt from backup withholding" box in the line following the business name, sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

**Note:** If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

**Exempt payees.** Backup withholding is **not required** on any payments made to the following payees:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2);
2. The United States or any of its agencies or instrumentalities;
3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities;
4. A foreign government or any of its political subdivisions, agencies, or instrumentalities; or
5. An international organization or any of its agencies or instrumentalities.

Other payees that **may be exempt** from backup withholding include:

6. A corporation;
7. A foreign central bank of issue;
8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States;

- 9. A futures commission merchant registered with the Commodity Futures Trading Commission;
- 10. A real estate investment trust;
- 11. An entity registered at all times during the tax year under the Investment Company Act of 1940;
- 12. A common trust fund operated by a bank under section 584(a);
- 13. A financial institution;
- 14. A middleman known in the investment community as a nominee or custodian; or
- 15. A trust exempt from tax under section 664 or described in section 4947.

The chart below shows types of payments that may be exempt from backup withholding. The chart applies to the exempt recipients listed above, 1 through 15.

If the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt recipients except for 9
Broker transactions	Exempt recipients 1 through 13. Also, a person registered under the Investment Advisers Act of 1940 who regularly acts as a broker
Barter exchange transactions and patronage dividends	Exempt recipients 1 through 5
Payments over \$600 required to be reported and direct sales over \$5,000 <sup>1</sup>	Generally, exempt recipients 1 through 7 <sup>2</sup>

<sup>1</sup> See Form 1099-MISC, Miscellaneous Income, and its instructions.

<sup>2</sup> However, the following payments made to a corporation (including gross proceeds paid to an attorney under section 6045(f), even if the attorney is a corporation) and reportable on Form 1099-MISC are **not exempt** from backup withholding: medical and health care payments, attorneys' fees; and payments for services paid by a Federal executive agency.

### Part I. Taxpayer Identification Number (TIN)

**Enter your TIN in the appropriate box.** If you are a **resident alien** and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see **How to get a TIN** below.

If you are a **sole proprietor** and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-owner **LLC** that is disregarded as an entity separate from its owner (see **Limited liability company (LLC)** on page 2), enter your SSN (or EIN, if you have one). If the LLC is a corporation, partnership, etc., enter the entity's EIN.

**Note:** See the chart on page 4 for further clarification of name and TIN combinations.

**How to get a TIN.** If you do not have a TIN, apply for one immediately. To apply for an SSN, get **Form SS-5**, Application for a Social Security Card, from your local Social Security Administration office or get this form on-line at [www.ssa.gov/online/ss5.html](http://www.ssa.gov/online/ss5.html). You may also get this form by calling 1-800-772-1213. Use **Form W-7**, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or **Form SS-4**, Application for Employer Identification Number, to apply for an EIN. You can get Forms W-7 and SS-4 from the IRS by calling 1-800-TAX-FORM (1-800-829-3676) or from the IRS Web Site at [www.irs.gov](http://www.irs.gov).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

**Note:** Writing "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

**Caution:** A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.

**Part II. Certification**

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 3, and 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). Exempt recipients, see **Exempt from backup withholding** on page 2.

**Signature requirements.** Complete the certification as indicated in 1 through 5 below.

**1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.** You must give your correct TIN, but you do not have to sign the certification.

**2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.** You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

**3. Real estate transactions.** You must sign the certification. You may cross out item 2 of the certification.

**4. Other payments.** You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

**5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA or Archer MSA contributions or distributions, and pension distributions.** You must give your correct TIN, but you do not have to sign the certification.

**What Name and Number To Give the Requester**

For this type of account:	Give name and SSN of:
1. Individual	The individual
2. Two or more individuals (joint account)	The actual owner of the account or, if combined funds, the first individual on the account <sup>1</sup>
3. Custodian account of a minor (Uniform Gift to Minors Act)	The minor <sup>2</sup>
4. a. The usual revocable savings trust (grantor is also trustee)	The grantor-trustee <sup>1</sup>
b. So-called trust account that is not a legal or valid trust under state law	The actual owner <sup>1</sup>
5. Sole proprietorship or single-owner LLC	The owner <sup>3</sup>
For this type of account:	Give name and EIN of:
6. Sole proprietorship or single-owner LLC	The owner <sup>3</sup>
7. A valid trust, estate, or pension trust	Legal entity <sup>4</sup>
8. Corporate or LLC electing corporate status on Form 8832	The corporation
9. Association, club, religious, charitable, educational, or other tax-exempt organization	The organization
10. Partnership or multi-member LLC	The partnership
11. A broker or registered nominee	The broker or nominee
12. Account with the Department of Agriculture in the name of a public entity (such as a state or local government, school district, or prison) that receives agricultural program payments	The public entity

<sup>1</sup> List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

<sup>2</sup> Circle the minor's name and furnish the minor's SSN.

<sup>3</sup> You must show your individual name, but you may also enter your business or "DBA" name. You may use either your SSN or EIN (if you have one).

<sup>4</sup> List first and circle the name of the legal trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.)

**Note:** If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

**Privacy Act Notice**

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons who must file information returns with the IRS to report interest, dividends, and certain other income paid to you, mortgage interest you paid, the acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA or Archer MSA. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. The IRS may also provide this information to the Department of Justice for civil and criminal litigation, and to cities, states, and the District of Columbia to carry out their tax laws. We may also disclose this information to other countries under a tax treaty, or to Federal and state agencies to enforce Federal nontax criminal laws and to combat terrorism.

You must provide your TIN whether or not you are required to file a tax return. Payers must generally withhold 30% of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to a payer. Certain penalties may also apply.

### Updated EOB Code Crosswalk to HIPAA Standard Codes

The list of standard national codes used on the Electronic Remittance Advice (ERA) has been cross-walked to EOB codes as an informational aid to adjudicated claims listed on the RA. An updated version of the list is available on the Division of Medical Assistance's website at <http://www.dhhs.state.nc.us/dma/prov.htm>.

With the implementation of standards for electronic transactions mandated by the Health Insurance Portability and Accountability Act (HIPAA), providers now have the option to receive an ERA in addition to the paper version of the Remittance and Status Report (RA).

The EOB codes that providers currently receive on a paper RA are not used on the ERA. Because the EOB codes on the paper RA provide a greater level of detail on claim denials, all providers will continue to receive the paper version of the RA, even if they choose to receive the ERA transaction. The list is current as of the date of publication. Providers will be notified of changes to the list through the general Medicaid bulletin.

## CPT Code Update 2005

The Centers for Medicare and Medicaid Services (CMS) and the American Medical Association (AMA) have added new and deleted current CPT codes effective with date of service January 1, 2005. New CPT codes are covered by the N.C. Medicaid program effective with date of service January 1, 2005. Claims with codes deleted for 2005 will deny with dates of service on or after January 1, 2005. CMS has rescinded the 90-day grace period allowed for previous years.

The following table lists the new CPT codes that may be billed with date of service January 1, 2005:

### Basic Medicaid Billing Seminar Schedule

Basic Medicaid Billing seminars are scheduled for February 2005. Seminars are intended for providers who are new to the NC Medicaid program. Topics to be discussed will include, but are not limited to, provider enrollment requirements, billing instructions, eligibility issues, and Managed Care. Persons inexperienced in billing N.C. Medicaid are encouraged to attend.

The seminars are scheduled at the locations listed below. **Preregistration is required.** Due to limited seating, registration is limited to two staff members per office. Unregistered providers are welcome to attend if space is available.

Providers may register for the Basic Medicaid Billing seminars by completing and submitting the registration form available on the next page or by registering online at <http://www.dhhs.state.nc.us/dma/provsem.htm>. Please indicate the session you plan to attend on the registration form. Seminars begin at 10:00 a.m. and end at 1:00 p.m. Providers are encouraged to arrive by 9:45 a.m. to complete registration.

Providers must print the PDF version of the Basic Medicaid Billing/Carolina ACCESS Policies and Procedure Guide May 2004 and bring it to the seminar. This guide will be available on DMA's website after January 31, 2005.

The registration form for the seminars is on the next page of this bulletin.

## Modifier Additions for 2005

The Centers for Medicare and Medicaid Services (CMS) and the American Medical Association (AMA) have added modifiers for 2005. At this time, the N.C. Medicaid program does not require providers to submit claims using these modifiers. Crossover claims will not deny if the modifiers are placed on the claim. However, straight Medicaid claims will deny if the modifiers are listed on the claim. Providers will be notified in a future general Medicaid bulletin if the use of these modifiers becomes a requirement for straight Medicaid claims.

### New Health Plan Announcement

The Division of Medical Assistance, (DMA) is working with Piedmont Behavioral Healthcare to implement a new health plan for public mental health, developmental disabilities, and substance abuse services, (MH/DD/SA) in their five county catchment area. The targeted effective date for the program to become operational is April 2005, the Approval from the Centers for Medicare and Medicaid Services (CMS) was received in October 2004, making this effective planning date possible.

The counties in which the program will operate are Cabarrus, Davidson, Rowan, Stanly and Union. Piedmont Behavioral Healthcare will function as a prepaid inpatient health plan (PHIP) managing and paying for all Medicaid MH/DD/SA services. This also includes the intermediate care facilities for the mentally retarded, (ICF-MR) care and inpatient psychiatric hospitalizations.

As a prepaid health plan, Piedmont Behavioral Healthcare will develop a comprehensive provider network by contracting with individual providers of MH/DD/SA services. The statewide Community Alternatives Program for Persons with Mental Retardation or Developmental Disabilities (CAP-MR/DD) will not operate in the Piedmont area. A program similar to CAP-MR/DD called Innovations will be a part of the Piedmont plan and will only be available to those Medicaid recipients in the five-county Piedmont catchment area.

When this plan goes into effect, Medicaid will not pay individual providers of MH/DD/SA services on a fee-for-service basis. Medicaid will pay Piedmont a monthly fee for all covered Medicaid populations in the catchment area and Piedmont will in turn pay individual providers for authorized services.

**Note:** Except for emergency services, all providers must obtain approval/authorization from Piedmont to qualify for reimbursement for MH/DD/SA services. In addition, Carolina ACCESS primary care providers will no longer provide referral authorization for these services.

Additional details and any changes to the anticipated implementation date will be provided in future general Medicaid bulletins. Information about provider training will be published in the February 2005 general Medicaid bulletin.

**A**DA Code Updates

Effective with date of service January 1, 2005, the following dental procedure codes have been added for the N.C. Medicaid Dental Program. These additions are a result of the CDT (Current Dental Terminology) 2005 ADA code updates.

<b>CDT 2005 Code</b>	<b>Description</b>	<b>Reimbursement Rate</b>
D2932	Prefabricated resin crown * limited to recipients under age 21 * limited to primary and permanent anterior teeth	\$181.77
D2934	Prefabricated esthetic coated stainless steel crown – primary tooth * limited to recipients under age 21 * limited to primary anterior teeth	\$163.01
D7111	Extraction, coronal remnants – deciduous tooth	\$45.99
D7283	Placement of device to facilitate eruption of impacted tooth * report the surgical exposure separately using D7280 (surgical access of an unerupted tooth)	\$35.00
D7288	Brush biopsy – transepithelial sample collection	\$113.30
D7963	Frenuloplasty * prior approval required	\$258.37

The following procedure codes were end-dated effective with date of service December 31, 2004.

<b>Procedure Code</b>	<b>Description</b>
D2970	Temporary crown (fractured tooth)
D2933	Prefabricated stainless steel crown with resin window

The following procedure codes descriptions were revised effective with date of service January 1, 2005.

<b>Procedure Code</b>	<b>Description</b>
D4211	Gingivectomy or gingivoplasty – one to three contiguous teeth or bounded teeth spaces per quadrant
D4241	Gingival flap procedure, including root planing - one to three contiguous teeth or bounded teeth spaces per quadrant
D4341	Periodontal scaling and root planing – four or more teeth per quadrant
D7286	Biopsy of oral tissue - soft
D7490	Radical resection of maxilla or mandible
D7955	Repair of maxillofacial soft and/or hard tissue defect

With the addition of procedure code D7283 (placement of device to facilitate eruption of impacted tooth), reimbursement for procedure code D7280 (surgical access of an unerupted tooth) has been revised to pay for the surgical exposure only. Effective January 1, 2005, procedure code D7280 reimburses \$165.00.

In addition, procedure code D2931 (prefabricated stainless steel crown – permanent tooth) is now allowed for premolars and first and second molars for recipients under age 21 effective with date of service January 1, 2005.

Providers are reminded to bill their usual and customary charges rather than the Medicaid rate. For coverage criteria and additional billing guidelines, please refer to Clinical Coverage Policy 4A, Dental Services on DMA's website at <http://www.dhhs.state.nc.us/dma/dental/1dental.pdf>.

## 2002 American Dental Association (ADA) Claim Form

The Division of Medical Assistance (DMA) and EDS have updated the Medicaid claims processing system to accept the 2002 ADA claim form. Providers were given a three-month transition period, October 1, 2004 through December 31, 2004, that both the 1999 and 2002 forms were accepted. Effective January 1, 2005, only the 2002 ADA claim form is accepted. Claim forms can be ordered directly from the ADA. Listed below are the web address, toll-free telephone number, and mailing address.

<http://www.ada.org/ada/prod/catalog/index.asp>

1-800-947-4746

American Dental Association  
Attn: Salable Materials Office  
211 E. Chicago Avenue  
Chicago, IL 60611

The claim form is available as a single or two-part form. The single form must be used when submitting claims for payment. The two-part form must be used when requesting prior approval. The original is returned to the provider and serves as the prior approval/claim copy. The second page is retained by EDS.

For specific information regarding required fields for prior approval requests or claims for payment, refer to Clinical Policy #4A, Dental Services, which has been updated to include the 2002 ADA claim form. The updated policy is available on the Division of Medical Assistance's website at <http://www.dhhs.state.nc.us/dma/dental.htm>.

### **Quadrant and Arch Indicators Entered on the 2002 ADA Claim Form**

During the three month transition period, October 1, 2004 through December 31, 2004, DMA received a request from the provider community to allow the quadrant or arch indicator to be entered in field 25 (Area of Oral Cavity). As a result of this request, procedures that require a quadrant or arch indicator can be entered in Field 25 (Area of Oral Cavity) or Field 27 (Tooth Number(s) or Letter(s)) effective January 1, 2005. For specific information regarding procedure codes that require a quadrant or arch indicator, refer to Clinical Policy #4A, Dental Services. The updated policy is available on the Division of Medical Assistance's website at <http://www.dhhs.state.nc.us/dma/dental.htm>.

### Handling PCS-Plus Transfers

During the past year of PCS-Plus implementation, DMA has received numerous questions from PCS providers on how to handle PCS-Plus clients who transfer from one agency to another. In these situations, **DMA requires the PCS provider to submit a new PCS-Plus Request form for the PCS-Plus client who transfers to the agency** even though the client already had PCS-Plus approval with the previous agency. DMA will issue PCS-Plus prior approval for the client at the new agency, if the client meets PCS-Plus criteria.

PCS-Plus approvals are not transferable between agencies since all PCS-Plus prior approvals are linked to an individual Medicaid recipient and an agency-specific PCS provider number. The agency should treat the PCS-Plus client as a new referral by completing a new DMA-3000 and submitting a new PCS-Plus Request Form to DMA for prior approval. If an agency does not submit a new PCS-Plus Request form for a client who had PCS-Plus prior approval with another agency, the agency accepting the transfer will not be reimbursed for PCS-Plus services if they provide PCS-Plus. In this case, the PCS-Plus claim will be denied by EDS. To prevent this from occurring, the agency must obtain PCS-Plus prior approval from DMA before initiating PCS-Plus services. However, the agency can initiate regular PCS according to Medicaid guidelines.

Also, DMA requests that PCS providers notify DMA PCS-Plus staff via fax at (919) 715-2628 when a PCS-Plus client transfers from one agency to another. The fax coversheet should list the following:

1. Client first and last name
2. Client Medicaid Identification number
3. The name of the previous agency
4. The last date of service with the previous agency
5. The name of the new agency
6. The new date of service with the new agency
7. If you are requesting prior approval for PCS-Plus, include the PCS-Plus Request form with the fax.

If DMA does not receive this information, then the new PCS provider may experience delayed Medicaid payments for the client due to problems with the client's PCS-Plus prior approval.

DMA, 919 855-4369**

## Attention: Personal Care Services (PCS) Providers

### PCS Program Violations Subject to Recoupment

Recent DMA Program Integrity reviews have identified problems regarding the provision and billing of Medicaid Personal Care Services (PCS) for pediatric recipients. Based on medical records reviews and recipient home visits, a significant number of the pediatric recipients did not appear to meet the criteria for PCS coverage. When providing PCS to children, providers must follow Medicaid policies regarding medical necessity criteria and provision of services. Guidance on this subject is located in Chapter 6 (Personal Care Services) of the DMA Community Care Manual and can be downloaded from the following link <http://www.dhhs.state.nc.us/dma/cc.htm>.

PCS provided to pediatric recipients must be needed due to the child's medical condition. In addition, the amount of time allocated to provide the services and the time of day the services are provided should be appropriate to meet the identified medically related unmet or inadequately met personal care needs.

**Example:** PCS can be appropriate to consider when a parent or guardian needs assistance in the morning with getting a severely mobility-impaired child ready for school. Normal self care tasks performed for young children ordinarily do not require the specialized care of a PCS aide. The PCS provider must differentiate medically based personal care needs from the parental caregiving responsibility.

Developmentally appropriate care tasks such as bathing and dressing a small child, supervision and occasional assistance with grooming and hygiene for a school age child, or diapering an infant are not covered under PCS. In addition, tasks such as tutoring and assistance with homework, basic after-school supervision, and transportation to and from school activities are not covered in the PCS program.

For pediatric recipients with Attention Deficit Hyperactivity Disorder (ADHD) or attention deficit disorder (ADD), PCS is not covered unless the medical condition prevents the patient from performing personal care tasks at an age-appropriate level.

**Payments to PCS providers for services provided to children or adolescents whom Program Integrity determines did not meet the criteria for coverage will be recouped.**

## Provider Enrollment, Billing, and Coverage Information

Effective January 1, 2005, Medicaid provider enrollment of all in-state and border area physician types will be handled by the N.C. Division of Medical Assistance (DMA). The Medicaid Provider Enrollment Application and Agreement for new enrollment is available on DMA's website at <http://www.dhhs.state.nc.us/dma/Forms/provenroll/physician.htm>.

Below is a list of important information for new providers:

**Provider Enrollment Questions:** Providers may contact DMA Provider Services at (919)855-4050 with questions about Medicaid enrollment

**Carolina ACCESS:** Providers who are interested in becoming a Carolina ACCESS PCP must also complete a Carolina ACCESS PCP Application for Participation. This is a separate application and may be found on DMA's website <http://www.dhhs.state.nc.us/dma/caenroll.htm>.

**Billing and Program Information:** The *General Medicaid Billing/Carolina ACCESS Policies and Procedures Guide* is available on DMA's website at <http://www.dhhs.state.nc.us/dma/medbillcaguide.htm>. This document provides an overview of the Medicaid program including claims filing instructions, eligibility verification, Managed Care, third party liability, prior approval requirements, contact information, etc.

**Medicaid Bulletins:** The monthly Medicaid bulletin is the primary method of notification to providers regarding changes in billing procedures and covered services. Information on provider seminars is also published in the bulletin. The Medicaid bulletin is available on DMA's website at <http://www.dhhs.state.nc.us/dma/bulletin.htm>.

**Clinical Coverage Policies:** Clinical coverage and program information is available on DMA's website at <http://www.dhhs.state.nc.us/dma/mp/mpindex.htm>.

**Change of Address or Status:** To ensure prompt receipt of payments, providers must notify DMA immediately of address or status changes such as providers leaving or joining a group. For your protection, we will not forward your checks to an address that we do not have on file. To report changes in address and status complete the Medicaid Provider Change Form on our website at <http://www.dhhs.state.nc.us/dma/Forms/changeprovstatus.pdf>.

**Carolina ACCESS:** Carolina ACCESS providers must also complete the Carolina ACCESS Provider Information Change Form from DMA's at <http://www.dhhs.state.nc.us/dma/Forms/capicf.pdf>. For questions regarding this information you may contact DMA Provider Services at (919)855-4050.

**Medicare Part B Crossovers:** To allow Medicare Part B claims to cross over automatically to Medicaid for payment, providers must complete a Medicare Crossover Reference Request form. This form is located on page 20 of the August 2004 Medicare Part B Special Bulletin V on our website at <http://www.dhhs.state.nc.us/dma/bulletin/0804specbull.pdf>. Contact EDS Provider Services at 1-800-688-6696 or (919)851-8888 with questions about Medicare Part B crossover claims.

**Electronic Funds Transfer (EFT):** EDS offers EFT as an alternative to paper checks. This service enables Medicaid payments to be automatically deposited into the provider's bank account. The form is available on DMA's website at <http://www.dhhs.state.nc.us/dma/Forms/eft.pdf>.

**Electronic Claims Submission (ECS):** ECS allows you to bill Medicaid claims electronically. Providers must complete an ECS Provider Agreement prior to submitting claims electronically. Providers are required to use software that complies with the transaction standards mandated by the Health Insurance Portability and Accountability Act (HIPAA). Contact EDS at 1-800-688-6696 or (919)851-8888 (option 1 from the menu) for additional information.

**Additional information** is available on DMA's website such as forms, checkwrite schedules, contact information etc. The website address for DMA's home page is <http://www.dhhs.state.nc.us/dma>.

## Attention: UB-92 Billers

### Maximum Number of Lines per Claim for Paper Submission of UB92's

The maximum number of lines that maybe processed on a UB-92 paper claim is 28 details, including the total. Outpatient UB-92 claims that require more than 28 details can be filed using the 837-I transaction set or the NCECS Web tool. If the outpatient claim is filed on a paper UB-92 claim form, providers should bill multiple claims with no more than 28 details on each claim. If Medicare or commercial insurance pays as the primary insurance, the Medicare and/or commercial insurance payment should be divided up between the claims.

Inpatient UB-92 claims that require more than 28 details can be filed using the 837-I transaction set or the NCECS Web tool or submitted on paper to EDS Providers Services with a Medicaid Resolution Inquiry.

### Abarelix, 100 mg (Plenaxis, J9999) - Billing Guidelines

Effective with date of service May 1, 2004, the N.C. Medicaid program covers abarelix, 100 mg (Plenaxis) for use in the Physician's Drug Program. The FDA indication for Plenaxis is the treatment of advanced prostate cancer. The FDA's recommended dosing schedule is 100 mg administered intramuscularly on day 1, 15, 29, and every 4 weeks thereafter. Treatment failure can be detected by measuring serum testosterone concentrations just prior to Plenaxis administration beginning on day 29 and every 8 weeks thereafter.

The ICD-9-CM diagnosis codes required when billing for Plenaxis are:

- **V58.1 – admission or encounter for chemotherapy**
- AND**
- **185 – Malignant Neoplasm of Prostate - Diagnosis code**

Providers must bill J9999, the unclassified drug code for antineoplastic agents, with an invoice attached to the CMS-1500 claim form. **An invoice must be submitted with each claim.** The paper invoice must indicate the recipient's name and Medicaid identification number, the name of the medication, the dosage given, the National Drug Code (NDC) number from the vial(s) used, the number of vials used, and the cost per dose. Providers must indicate the number of units given in block 24G on the CMS-1500 claim form. For Medicaid billing, one unit of coverage is 100 mg. The maximum reimbursement rate per unit is \$885.38. Providers must bill their usual and customary charge. Add this drug to the list of injectable drugs published in the November 2004 general Medicaid bulletin.

### Pemetrexed (Alimta, J9999) - Billing Guidelines

Effective with date of service March 1, 2004, the N.C. Medicaid program covers pemetrexed (Alimta) for use in the Physician's Drug Program. Alimta is an antifolate antineoplastic agent. The FDA states that, in combination with cisplatin, it is indicated for the first-line treatment of patients with malignant pleural mesothelioma, whose disease is either unresectable or who are otherwise not candidates for curative surgery. The FDA indicates that the usual adult dose is 500 mg/m<sup>2</sup> infused over 10 minutes on day 1 of each 21-day cycle.

The ICD-9-CM diagnosis codes required when billing for Alimta are:

- **V58.1 – admission or encounter for chemotherapy**
- AND**
- **162.0 – 162.9 – Malignant neoplasm of trachea, bronchus and lung, OR**
  - **163.0 – 163.8 – Malignant neoplasm of pleura**

Providers must bill J9999, the unclassified drug code for antineoplastic agents, with an invoice attached to the CMS-1500 claim form. **An invoice must be submitted with each claim.** The paper invoice must indicate the recipient's name and Medicaid identification number, the name of the medication, the dosage given, the National Drug Code (NDC) number from the vial(s) used, the number of vials used, and the cost per dose. Providers must indicate the number of units given in block 24G on the CMS-1500 claim form. For Medicaid

billing, one unit of coverage is 500 mg. The maximum reimbursement rate per unit is \$2071.88. Providers must bill their usual and customary charge. Add this drug to the list of injectable drugs published in the November 2004 general Medicaid bulletin.

## Attention: Independent Practitioners and Local Education Agencies

### Code Changes

The following CPT procedure codes were changed effective with date of service January 1, 2005. Claims submitted with end-dated codes for dates of service after January 1, 2005 and after will deny.

End-Dated Code	New CPT Code	Description	Maximum Reimbursement Rate
92589	92620	Evaluation of central auditory function, with report; initial 60 minutes	\$39.35
	92621	Evaluation of central auditory function, with report; each additional 15 minutes	\$9.71

**Note:** CPT code 92621 cannot be billed separately; it must be billed in addition to 92620.

In addition to these changes, CPT procedure 97601 was end-dated on December 31, 2004. To bill for the removal of devitalized tissue, etc., providers must use code 97602.

Refer to DMA's website at <http://www.dhhs.state.nc.us/dma/mp/mpindex.htm> for updated copies of Clinical Coverage Policy #10B, Independent Practitioners, and #10C, Local Education Agencies.

## Attention: All Providers

### 2005 Revised Fees

Effective January 1, 2005, rates for the 2005 CPT codes were revised based on information from the Centers for Medicare and Medicaid Services (CMS) received as of December 17, 2004.

To allow for possible price changes, **we suggest holding the January 2005 claims until January 15<sup>th</sup>, 2005**, since systematic adjustments will NOT be made for claims that have processed for dates of service prior to final CMS corrections.

Providers may receive a current fee schedule by completing and submitting a copy of the Fee Schedule Request form on the next page of this bulletin. As of February 1, 2005, Fee schedules will be available on the DMA website at <http://www.dhhs.state.nc.us/dma/Forms/pubr.pdf>.

Providers must bill their usual and customary charges.
