Situation Updates

Partner outreach:
NC DHHS has collaborated with a variety of partners including: Medical providers / NCHA / EMS / First Responders / NC DoD Installations / DENR / LHDs / Environmental Contractors / Emergency Management / Colleges/Universities/school health programs. Detailed guidance is available at: <http://www.ncdhhs.gov/ebola/>

Training & Guidance updates:
NC DPH developed video for PPE donning & doffing in an Ebola hospital isolation unit, available at link above. Trainings / Webinars underway and will be archived. Trainings cover Infection Prevention and PPE in an Ebola Isolation Unit / Guidance for Non-hospital Settings / Contact Tracing / Laboratory preparedness and packing and shipping. All training and guidance is developed in accordance with latest Centers for Disease Control and Prevention updates.

Community outreach:
State and LHDs continue active outreach to West African communities within the State and for travelers returning from areas with sustained Ebola transmission.
