205.01 IDENTITY REQUIREMENT

The identity of the person filing the application must be verified, this does not have to be the Head of Household. If an authorized representative applies on behalf of a food stamp unit (FSU), the identity of both the authorized representative and the head of the FSU must be verified.

205.02 VERIFICATION

Verify identity only at application, unless questionable. Accept any document that reasonably establishes the applicant's identity. Do not require any specific type of document. If documentary evidence is not available, use a collateral contact.

205.03 DOCUMENTATION

Scan the verification document into NC FAST at the person level with a file name of CITZID.
